

Just a few things  
*Donald Trump*  
has said

and why it was necessary to vote him out

To be blunt, people would vote for me. They just would. Why? Maybe because I'm so good looking.

---

about people voting for him

---

I could stand in the middle of 5th Avenue and shoot somebody and I wouldn't lose voters.

The only card she [Hillary Clinton] has is the woman's card. She's got nothing else to offer and frankly, if Hillary Clinton were a man, I don't think she'd get 5 percent of the vote. The only thing she's got going is the woman's card, and the beautiful thing is, women don't like her.

**about Hillary Clinton**

If Hillary Clinton can't satisfy her husband what makes her think she can satisfy America?

Why are we having all these people from sh\*thole countries coming here?

about immigrants

These aren't people. These are animals.

They're sending people that have lots of problems, and they're bringing those problems with us. They're bringing drugs. They're bringing crime. They're rapists. And some, I assume, are good people.

I don't have a racist bone in my body.

When it comes to racism and racists, I am the least racist person there is.

I have a great relationship with the blacks. I've always had a great relationship with the blacks.

about race

A well-educated black has a tremendous advantage over a well-educated white in terms of the job market.

Laziness is a trait in blacks. It really is, I believe that.

You're disgusting. *(to a breastfeeding mother)*

You have to treat 'em like sh\*t.

She does have a very nice figure... If Ivanka weren't my daughter, perhaps I'd be dating her.

# about women

[Arianna Huffington] is unattractive both inside and out. I fully understand why her former husband left her for a man - he made a good decision.

Women are really a lot different than portrayed.  
They are far worse than men, far more aggressive...

I'm going to be dating her in 10 years. Can you believe it? *(about a 10 year old girl)*

The concept of global warming was created by and for the Chinese in order to make U.S. manufacturing non-competitive.

about global warming

It's really cold outside, they are calling it a major freeze, weeks ahead of normal. Man, we could use a big fat dose of global warming!

# about abortion

*Do you believe in punishment for abortion – yes or no – as a principle?*

The answer is there has to be some form of punishment.

*For the woman?*

Yeah, there has to be some form.

And, I hate it. I am a traditionalist. I have so many fabulous friends who happen to be gay, but I am a traditionalist. (*talking about gay marriage*)

I'm intelligent. Some people would say I'm very, very, very intelligent.

about himself

Sorry losers and haters, but my IQ is one of the highest - and you all know it! Please don't feel so stupid or insecure, it's not your fault.

democracy

/dɪˈmɒkrəsi/

*noun*

a system of government by the whole population or all the eligible members of a state, typically through elected representatives.

"a system of parliamentary democracy"

Unfortunately there are too many power-hungry men that decide to run for office and happen to be elected. With their backwards thinking democracy and its message, as we know it, is at risk.

We believe that people should vote based on the values presented to them by the candidate, rather than the emphasis being on their political party, as such. The USA is the prime example of why political pluralism is so important, because people need a wider spectrum of ideas to choose from.

**!!! This booklet is not meant as an attack on Donald Trump. He was used as an example of inappropriate behaviour from an influential world leader, of which there are too many. We chose Trump specifically because we've lately been hearing a lot about him and the American election. !!!**
